

Advanced Management of Data

Exercise 1 Topic 3:

Object-Relational Database Systems

Prepare for Exercise

- you should have done all exercises on topic 2 (Extensions of SQL) as we will extend this knowledge
- bring your own device
- connect to your PostgreSQL database
 - <https://www.tu-chemnitz.de/informatik/DVS/phppgadmin/>
- if you forget your password, you can get a new one
 - <https://idm.hrz.tu-chemnitz.de/user/service/database/postgresql/>
- for those who are to slow, I'll try to reduce copy and paste time a bit (the link will be updated with some sample code during the exercise)
 - <https://box.tu-chemnitz.de/index.php/s/UFnBGfbWgBjQ47l>
